

The *Original* leading lights since 1991

Working with leading designers, **underwater lights ltd™** specialize in bespoke lighting schemes for award-winning superyachts. Since we produced the Original underwater light in 1991, we have supplied over 15,000 units worldwide. We now offer a complete range of internal and external marine lighting including deck lights, LEDs and our **UL Ti MATE®** range of through-hull submersible lights.

Don't be fooled by imitations... if it doesn't say "limited" on the box, it's not one of our lights.
