

The UL Ti MATE® range from underwater lights limited™

This magnificent sailing yacht, YII by Holland Jachtbouw, is the latest to be installed with our Original **UL Ti MATE®** through-hull submersible lights. Manufactured to exacting standards to meet International Type Approvals, these lights are **only** available from us at **underwater lights limited™** or from one of our authorised distributors.

Don't be fooled by imitations...
if it doesn't say "limited"
on the box, it's not one
of our lights.
